

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Notice of Availability: Test Tools and Test Procedures Approved by the National Coordinator for the ONC HIT Certification Program

Agency: Office of the National Coordinator for Health Information Technology (ONC),
Department of Health and Human Services.

Action: Notice.

Summary: This notice announces the availability of test tools and test procedures approved by the National Coordinator for Health Information Technology (the National Coordinator) for the testing of EHR technology to two 2014 Edition Release 2 EHR certification criteria under the ONC HIT Certification Program. The approved test tools and test procedures for the “optional – transitions of care” certification criterion (§ 170.314(b)(8)) and the revised “view, download, and transmit to 3rd party” certification criterion (§ 170.314(e)(1)) are identified on the ONC website at: <http://healthit.gov/policy-researchers-implementers/testing-and-test-methods>. The test tools and test procedures for all the other 2014 Edition Release 2 EHR certification criteria were previously approved by the National Coordinator.

For Further Information Contact: Alicia Morton, Director, Office of Certification, Office of the National Coordinator for Health Information Technology, 202-549-7851.

Supplementary Information:

On January 7, 2011, the Department of Health and Human Services issued a final rule establishing a permanent certification program for the purposes of testing and certifying health information technology (“Establishment of the Permanent Certification Program for Health

Information Technology,” 76 FR 1262) (Permanent Certification Program final rule). The permanent certification program was renamed the “ONC HIT Certification Program” in a final rule published on September 4, 2012 (77 FR 54163) (“2014 Edition EHR Certification Criteria final rule”). In the preamble of the Permanent Certification Program final rule, we stated that when the National Coordinator had approved test tools and test procedures for certification criteria adopted by the Secretary ONC would publish a notice of availability in the **Federal Register** and identify the approved test tools and test procedures on the ONC website.

In the 2014 Edition Release 2 EHR Certification Criteria final rule the Secretary adopted additional and revised certification criteria as part of the 2014 Edition EHR certification criteria (79 FR 54430). The National Coordinator has approved test tools and test procedures for testing EHR technology for two 2014 Edition Release 2 EHR certification criteria under the ONC HIT Certification Program. These approved test tools and test procedures for the “optional – transitions of care” certification criterion (§ 170.314(b)(8)) and the revised “view, download, and transmit to 3rd party” certification criterion (§ 170.314(e)(1)) are identified on the ONC website at: <http://healthit.gov/policy-researchers-implementers/testing-and-test-methods>. The test tools and test procedures for all the other 2014 Edition Release 2 EHR certification criteria were previously approved by the National Coordinator (80 FR 4577) and are available for review at the website listed above.

Authority: 42 U.S.C. 300jj–11.

Dated: March 20, 2015.

Lisa Lewis,

*Acting National Coordinator for Health Information
Technology*
